## **PROGRESS REPORT TAYLOR RANCH URANIUM PROJECT DRILLING PERMIT APPLICATION**

Black Range Minerals Pty Ltd (ASX: BLR) is pleased to advise that Fremont County's Board of Commissioners conducted a meeting on the 27<sup>th</sup> May 2008 regarding the 100% owned Taylor Ranch Uranium Project in Colorado, USA.

The meeting was convened to cover the final stage of the assessment of the Company's application to obtain a drilling permit at the Taylor Ranch Uranium Project.

During the meeting the Company was able to progress its case for the permit, and is confident that the process afforded a fair and open hearing for Black Range Minerals.

At the conclusion of the meeting the Fremont County Board of Commissioners declared that it intends handing down its decision as to whether to approve the Company's application to conduct further drilling, or otherwise, on the 9<sup>th</sup> June 2008.

The Company will continue to advise further developments.
